

## A Proper Knowledge

Every passionate reader lives for that first page of a book that alerts her, straightaway, she'll be sorry when the book ends. So it is with Michelle Latiolais' astonishing, sparkingly intelligent new novel...The work strives, with bold zest, to arrive at the marrow of things...Latiolais triumphs, folding the works' clinical ruminations into the story's delicious batter. Powerfully recommended. Antioch Review The novel counts in elegant and sometimes elegiac prose the shadowy and elusive opportunities for redemption. Ron Carlson, author of *Five Skies* A ravishing intelligence is at work in these pages. Elizabeth Tallent, author of *Honey*, on *Even Now* A gifted psychiatrist, haunted by the death of his young sister, seeks to penetrate the mysteries of childhood autism in this beautifully written, insightful investigation into the misunderstood pathways of the brain and the heart.
