

Words of Conviction

The clues are hidden in the kidnappers words. Can the message be decoded in time? When Zoe, the five-year-daughter of a powerful Senator, is abducted, the FBI brings in Special Agent MacKenzie Graham, a forensic psycholinguist, to analyze the written threats of the vengeful kidnapper. An expert at what she does, Kenzie probes criminal minds more accurately than she does her own heart. Working alongside fellow FBI agent John Crowfeather, Kenzie refuses to acknowledge her mysterious attraction to John, and continues to build walls she believes will protect her not only from men but God as well. John is no fan of hers, either, but they have little time to dwell on it as the case grows more dangerous. When the perpetrator begins posting messages on the Internet, the race is on to save Zoe. Can Kenzie and John rescue the girl before its too late? Or will their misguided convictions cost a little girl her life?
