

Empty Graves

Within these pages exists a world of horror and mystery, a realm where the macabre comes alive and bites back. Journey into the horrific and unsettling world of Empty Graves and enjoy a collection of tales that will chill your blood, and send a shiver down your spine. For just a small taste of what this book holds in store for you: - You'll find an apartment complex with a bloody history - An office worker that just won't die - A city with a demon mascot - An actual road to Hell - A rendition of the Three Little Pigs that just can't be missed. All this and more await you in a story collection written especially for those who aren't afraid of what evils maybe lurking in their refrigerator. Nothing is what it seems in these frightening tales, each one a twisted look into the mind of T.G. Reaper--a mind that belongs in a padded cell.
