

The Time of the Little Black Bird

In 1906 a young, semiliterate Greek arrived in America with a few dollars in his pocket and his people's legacy of proverbs, superstitions, and cultural traits to guide him through the dangers and opportunities of a new world. *The Time of the Little Black Bird* begins with the story of this young man and his plan to build a future for his family as it makes its way in America. Told in a clear-eyed yet compassionate voice, *The Time of the Little Black Bird* is a novel of generations, loyalty, betrayal, tradition, and greed. Centering on a family business that grows from a few shabby storefronts and a run-down hotel at the side of the Salt Lake City railroad yards, the story finds the Kallos family weathering the Depression and the war years to become rich. Beset by awkward attempts to assimilate and by the testing of family values, the family solidarity unravels and is discovered as a smokescreen for a business treachery that had been developing for three generations. Unlike Greek stories of old, the drama is rendered on a human scale and is unswerving in its honest depiction. But like those old Greek tales, there is a timelessness and a universality drawn from the particulars of those portrayed.

? eXTReMe Tracker Personal Strength: Evolution Pro-Ana has Evolved. Ps-Evolution is a Pro Ana/Pro-Ana/ C.R.O.N. CRON Calorie Restriction for Optimum Nutrition resource and forum, seeking to include adult Pro-Ana, Pro Ana, proana, mia, C.O.E.
