

## COMMON THREADS (A Candace McCauley P.I. Mystery Book 3)

When a server at Bennys Cafe is found dead in an alley on the lower east side of New York, everyone wonders why Janet Dubois was so far from her apartment and work. The victims brother, Jonathan, hires Candace McCauley, Private Investigator to find out what happened to his sister. In her search for the killer, Candy is perplexed as to the reason for the murder. Janet did not have enemies and was well-liked. Candy drives to the scene in a dark alley in an unseemly neighborhood. She is surprised when she notices two well-dressed teenagers a half block away. They see her and escape before she has a chance to question their reasons for being in that part of town. It is not long before another murder occurs. This time it is the body of a wealthy young girl who has died in the same manner as Janet Dubois. Nancy Perkins body is found in the same dark alley. This complicates matters for Candy. The two women had nothing in common and both were discovered by the same homeless woman nearby. One week later, a third victim is discovered with the same stab wounds and in the same location. Candy is baffled that there are no common threads that connect any of the three women. Aniyah Oalman is a wife and mother but did live near the neighborhood where her body was found. Through interviews and clues regarding Janet Dubois murder, Candy discovers someone overlooked in the past as a suspect. Will she endanger herself when she decides to approach the evasive suspect directly? She must get to the bottom of it all or no woman in the city will be safe again.
