

## Cherringham - The Song Never Dies: A Cosy Crime Series

When Alex King, leader of legendary 90s rock group Lizard, hosts a party to get the band back together, old grudges surface. At dawn Alex is found floating in the pool of his Cherringham mansion. To the police its a drug-fueled accident. But when Jack and Sarah get involved, they quickly discover that while a song may never die - the person, who wrote it, might have been murdered. -- Cherringham is a serial novel a la Charles Dickens, with a new mystery thriller released each month. Set in the sleepy English village of Cherringham, the detective series brings together an unlikely sleuthing duo: English web designer Sarah and American ex-cop Jack. Thrilling and deadly - but with a spot of tea - its like Rosamunde Pilcher meets Inspector Barnaby. Each of the self-contained episodes is a quick read for the morning commute, while waiting for the doctor, or when curling up with a hot cuppa. -- For fans of Agatha Christies Miss Marple series, Lilian Jackson Brauns The Cat Who series, Caroline Grahams Midsomer Murders, and the American TV series Murder She Wrote, starring Angela Lansbury. -- Co-authors Neil Richards (based in the UK) and Matthew Costello (based in the US), have been writing together since the mid 90s, creating content and working on projects for the BBC, Disney Channel, Sony, ABC, Eidos, and Nintendo to name but a few. Their transatlantic collaboration has underpinned scores of TV drama scripts, computer games, radio shows, and - most recently - the successful crime fiction series Cherringham. Now into its second season of 12 novellas, Cherringham is popular around the world and has been adapted as a series of audiobooks in Germany.
