

Witness Protection

All Willy Posta ever wanted to do was make movies. But the only work he could find was in the adult entertainment industry, first as a DJ at clubs, and then as an editor in the thriving adult movie business. After depression set in, he returned home, a new convert to Christianity whose heart was broken by political in-fighting among church leaders. He shares his story about working in the OSHA-defying Porn Valley with an elder at a church revival event, who is also a retired FBI agent. It turns out his testimony makes him the key material witness that would make the case many DAs had been asked to make: put the porn industry down. Overnight, Willy finds himself hunted by those who have profited off this business, including a state department that cannot make up its mind. Fleeing to a safe house in South America, Willy falls in love, has a family and learns he can be happy far and away from Hollywood, though his short efforts in film reveal his works are touched by the Hand of God -- they can heal. He excels in coaching while the USA fights it out over the 1st Amendment. When States are ordered to edit Bibles to omit mentions of sex, the 10th Amendment is evoked. Decades later, Willy is asked to help restore a divided nation at its core.
