

## The Fourth Order

From the New York Times bestselling author of *The Successor!* Michael Rose is the odds-on favorite to become the next CEO of a top energy company, and he's working hard to acquire a global information technology company. What he doesn't know is that the company is a cutout - a company used as a pawn by intelligence agencies. He pushes ahead, unaware that he's tightening the noose around his own neck. Presented unabridged on 9 CDs.
