

Wherever the Wind Blows

Wherever the Wind Blows is a delightful novel of the Great Depression; a whimsical, enchanting story with content that is appropriate for all ages. Jake and Jessie are lonesome and forlorn wanderers in the early summer of 1937. Both are down and out when they join forces amid the billowing dust of the most severe drought of 20th century America. Harsh Dust Bowl conditions, coupled with the economic disaster of the Great Depression, provide a dramatic and inspiring backdrop. Jake Winslow is a talented but reclusive middle-aged man. Jessie Scott is a talkative, sixteen-year-old orphan girl who Jake rescued from the brink of starvation. In a battered truck that Jake reinvented into a home on wheels as well as a traveling puppet show, this unlikely pair earn a meager living while providing lighthearted entertainment to a segment of America that would otherwise see only drudgery. Constantly shifting from town to town, Jake and Jessie criss-cross much of the Midwest. But, there is a deeper, underlying purpose to Jake's mission. Every mile of travel is dedicated to finding Jake's missing wife and daughter. Cassie, now the same age as Jessie, was only five when Jake last saw her. With nothing more to contribute than her charm and an heirloom mandolin, Jessie becomes the live person and musician, in a traveling show that features a marvelous and intriguing collection of puppets. Among the cast is Bumpkin, a poor but tenderhearted country boy with a questionable intellect, a refreshing depth of character and an occasional flash of wisdom. Bumpkin's pal and constant companion is Zippy, a lovable, if sometimes gullible basset hound with visions of grandeur and a propensity for stretching the truth. Sicily is said to be a highly-acclaimed Broadway star who is temporarily working, Off Broadway. Way off Broadway. The most distinguished member of the cast is the irascible, Senator

Hiram N. Workem. The Senator is a blustery politician who hatches one hair-brained plan after another in his quest to revitalize a depression stricken America.

Last among the regulars is Mister Bill. Mister Bill, with his occasionally abrasive personality, directs the show with the unwavering authority of a circus ringmaster. In the absence of Jake, who remains securely hidden behind the curtain while giving voice and motion to the puppets, Mister Bill claims to be the owner of the show that bears his name. Later, Jake adds a gaudy but befuddled duck who thinks he is a pirate and a fast talking raccoon named Slick who quickly becomes Zippys arch nemesis. The gruff character of Jake slowly evolves as Jessie peppers him with an unrelenting flow of what Jake calls, Back home yarns. These yarns provide a meaningful and insightful window into the conditions that confronted ordinary people during the Great Depression. For Jessie, communicating these stories provides an essential pathway toward growth and transition from a happy childhood, through a period of desperate, homeless wandering, to the stability of a renewed life blessed with joy and hope. Among their adventures, Jake and Jessie experience laughter and danger, triumphs and failures. They spend a night in a Iowa jail. Jessie is conned into milking a Wisconsin cow in exchange for gas to keep the old truck rolling. Jake gives away a brand new puppet to a handicapped child living in the abysmal conditions of a Hooverville. On a loop through Kentucky and Tennessee, five-year-old Molly is added to the show. An abused child and another of Jakes rescues, Molly adds an unexpected dimension to the family and to the show. One step ahead of winter, our traveling show reaches the Gulf of Mexico and the beautiful shore that is the fulfillment of Jessies most cherished dream; a dream she held dear to her heart for over eleven years; a dream that still harbors one dramatic and unexpected chapter yet to be revealed.

? eXTReMe Tracker Personal Strength: Evolution Pro-Ana has Evolved. Ps-Evolution is a Pro Ana/Pro-Ana/ C.R.O.N.
