

## Keep the Wolf from the Door

There are no saints in the city of angels. Michael Kiryakov understood that at an early age. Now at 36 years old, he is thrust into a battle of good versus evil when his gambling empire, built on addiction and blood, crumbles to the ground. When international arms smuggler, Aleksey Volkov, dies in a mysterious plane crash, Michael finds his brigade under the regime of a new order, afflicted with threats of a new nature, enforced by dishonorable members of the law. It becomes clear to Michael that Aleksey's death was no accident. And whoever wanted his employer wiped out is gunning for Michael next. Charlie Campbell Jr. is among the young and fortunate in LA. Being the only son of a finance guru to California's elite, Charlie is destined for great things. Instead he becomes finance guru to California's corrupt. Now at 31 years old, he faces jail or death, and he wonders what went wrong. Charlie blames his cousin, Michael. Michael has another explanation for him: Yelena Volkova a lethal combination of beauty and ambition. She has her eyes set on Charlie. And so does her father Konstantin Volkov contract killer. Life is a miracle. Nobody could tell Des Paradiso otherwise. When a mysterious man appears out of the darkness to save her life, and the life of her unborn child, her faith is restored. But her faith is soon tested when she finds herself caught in a web of sports betting, arms dealing, and human trafficking. She soon discovers that the hands that saved her from death are far more skilled at taking life.
