

Gridmaster Awakening - A visionary novel of Gaias lost history for those who have Awakened (The Guardians of Gaia)

Samuel Walker settled into his first-class seat for his flight from New York to London. At 64 tall, sitting in the coach section for the six-hour crossing would have been torture. The captain announced that they had reached their cruising altitude and the passengers were free to move around the cabin. Pulling out his laptop, Samuel decided to read some e-mail he'd filed away. The computer wouldn't turn on. He tried all the tricks to make it work but it just sat there screen blank, lights dark. He was about to unbuckle his seat belt to get the spare battery from his briefcase when the plane dived toward the ocean. Passengers screamed, children cried out in fear, a bright light filled the cabin. Time stopped. Silence surrounded him. He stood on a sandy beach, the ocean behind him, a beautiful city rising from cliffs overlooking a calm bay. The sunlight sparkling across the buildings sent prisms of light dancing upon the sand and water. The vision of this perfect world filled him with awe, but his heart was heavy with deep sadness. Thus began Samuel's journey to the awakening to his true self, evoking memories of Earth's lost history and his own destiny. In his quest to find this perfect world and save it from destruction, he is guided to four seekers. Ella, determined to find the Wisdom Archives and save Earth while returning it to the Great Plan. Joe, a skilled assassin, committed to Ella's mission while seeking redemption. Abe, a natural leader lost in the guilt and grief. Sylvia, dedicated to a life of service yet filled with pain and suffering. Together they are awakened, transformed, find redemption and battle to save the Earth from tyranny and obliteration. Gridmaster Awakening is a multifaceted book. It is an exciting tale of adventure, filled with intrigue and mystery. It is a tool of awakening for those who struggle to remember a time, so elusive, yet so real that it drives them to leave no stone unturned in their search for the truth. But

most of all, it provides a conduit to the history of our beloved planet Earth, a history that for many reasons has been hidden at best, ignored at worst. Although it is veiled in myth and legend, this lost and forgotten history is available to us if we choose to follow our intuitive guidance. Gridmaster Awakening assists us in opening to this guidance as we awaken to who and what we truly are, leading us to our own redemption while assisting our planet to survive. Each night the words would flow onto the page until finally the first volume was complete. After years of transcription and editing, it is ready to be released. For more information, please join Gridmaster Awakening on Facebook.
