

Line of Succession

It started out as a simple assignment. John Richards was to learn all he could about Gregory Johnson, the lieutenant governor of Maryland. The lieutenant governor helped balance the ticket in the last election but was ignored after the election was won. Shawn Tyler, the Governor, has never liked the man. A client of John's firm wants to know whether the lieutenant governor should be replaced before the next election. John meets the lieutenant governor's wife, Sandra Stevens, and his beautiful step-daughter, Rebecca, but Gregory Johnson remains out of reach. John begins to discover the world of Maryland politics and its broken promises. Behind the scenes, Frank Daniels, a retired businessman with a scandalous past, is trying to control the governor's reelection campaign. John meets Gregory, and finds him to be a man of integrity who does not want to be replaced but who has no plans for higher office. When Shawn Tyler's plan to run for President leaks out, John's assignment becomes urgent. Shawn announces his candidacy at a rally. John's world is changed forever when an accident happens on the way home. He watches a medevac helicopter and ambulances arrive on the country road, taking both the governor and lieutenant governor away. Only one of them will survive.
