

## Missing; Presumed Alive

Detective Paul Hanley relocated to Chesapeake, Virginia from Connecticut under a dark cloud that cost him his marriage. During a freak snowstorm in Tidewater a young girl is found frozen and brutally murdered. Hanley, while fighting a shattered personal life, must piece together the facts surrounding the murder of Jane Doe. Hanley and his partner find themselves moving through an investigation filled with politics and personal secrets. As local headlines scream for action, Paul turns the investigation into a personal quest for justice in his search for the truth that takes him to Washington and the National Center for Missing and Exploited Children. His search leads him into a maze of intrigue that goes back seventeen years.
