

White Gold: A Catherine Sohon Elephant Mystery

In this pulse-pounding follow-up to *Ivory Ghosts* hailed by Jodi Picoult as a win for any animal lover or reader with a conservationists heart, wildlife biologist Catherine Sohon ventures into the darkest corners of China to hunt the worlds deadliest poachers. Catherine Sohon has gone undercover in the Chinese underworld, where the illegal ivory trade is at an all-time high. Posing as a foreign buyer in the backroom of the Beijing Antique Market, shes closing in on the smuggler who has eluded her since Namibia. Then ruthless gunmen burst in, leaving death in their wake and turning Catherine into a suspect in a triad turf war. After a close call with a king cobra on a boat full of endangered wildlife, new clues propel her across the country, from open markets to an ivory carving factory in Guangzhou to the forests of southern Yunnan, home to the precious few remaining Chinese-Asian elephants. Her quest pits her against the same vicious trafficking kingpin only now its clear that even high-level officials are looking the other way as the worlds endangered species flood into China from all across Asia and Africa. And when an old lover pays a surprise visit, Catherine is forced to confront the agonizing choices that still haunt her. As Catherine races to execute a daring sting operation along the mountainous border of Myanmar, a shocking betrayal sends her into a tailspin. Now her life depends on the bond forged with an elephant named Lu Lu. Meanwhile, in the shadows awaits a powerful new adversary someone with far more at stake than Catherine could possibly know. Praise for Caitlin OConnells *Ivory Ghosts* The scientist that Caitlin OConnell is shines through her first work of fiction, a thriller set against the illegal ivory poaching trade in Africa. With descriptions and dialect so real you feel as if you might be turning pages while sitting deep in the

bush, and a skillful narrative that teaches while it thrills, this novel is a win for any animal lover or reader with a conservationists heart.
