

# The Arizona State Constitution (Oxford Commentaries on the State Constitutions of the United States)

In *The Arizona State Constitution*, John D. Leshy provides a comprehensive history of Arizona's constitutional development. Adopted at the height of the progressive movement, the Constitution contains many progressive innovations. Leshy describes these along with the dramatic changes the state has undergone in subsequent decades. He also includes a section-by-section commentary which crisply discusses the evolution and interpretation of each section, including significant court decisions. Thoroughly updated to reflect amendments and court cases through the fall of 2012, the second edition of *The Arizona State Constitution* is an essential reference guide for readers who seek a rich account of Arizona's constitutional evolution. The *Oxford Commentaries on the State Constitutions of the United States* is an important series that reflects a renewed international interest in constitutional history and provides expert insight into each of the 50 state constitutions. Each volume in this innovative series contains a historical overview of the state's constitutional development, a section-by-section analysis of its current constitution, and a comprehensive guide to further research. Under the expert editorship of Professor G. Alan Tarr, Director of the Center on State Constitutional Studies at Rutgers University, this series provides essential reference tools for understanding state constitutional law. Books in the series can be purchased individually or as part of a complete set, giving readers unmatched access to these important political documents.

? eXTReMe Tracker Personal Strength: Evolution Pro-Ana has Evolved. Ps-Evolution is a Pro Ana/Pro-Ana/C.R.O.N. CRON Calorie Restriction for Optimum Nutrition resource and forum, seeking to include adult Pro-Ana, Pro Ana, proana, mia, C.O.E.
