A small city, Royce Nebraska, is used as an experiment by the government. Small amounts of a chemical called- Craninium S3, are dropped in a mist over the city, for weeks at a time, until the damage has been done, and people begin to change. This chemical affects certain brain cells that control humanity, and the ability to know right from wrong. It also creates an unquenchable thirst for human meat. The normal lives of those who live in Royce, are now over, and the true fight begins. Government: Those lying, cheating murders that we love to trust and believe.
