

Blood Relationships: Book One of Resurrections (Volume 1)

RELATIONSHIPS. THEY CAN BE THE DEATH OF YOU. Claire couldn't believe he wanted to see her again, after all, he was a priest. But his phone message changed everything... Tom disappears. Claire fears for his life when several men are found brutally murdered in London and a violent riot breaks out near the beating heart of London's Docklands. Tendrils of evil still born during World War Two reach out to touch her. Life is not what it seems, but the masses carry on regardless, ignorant of the future. And so begins the discovery of one of history's darkest secrets. From the evil of Nazi Germany to the fear-trodden streets of London, from a race for love and truth that spans Southern and Eastern Europe, from the evil of humanity to its purest expression of love, Claire must wrestle with her own fears and fight the biggest challenge of her life and that of the whole world. The genetic envelope has been opened. There is no turning back. Blood Relationships, the first book in the series Resurrections, blends science and history into the melting pot of the present and foretells of an all too plausible future. There is no turning back.
