

Deserted

Seventeen-year-old Kara is done spying on people for her father, the wealthy and morally corrupt businessman Dr. Ellison. Last summer, when her fathers project literally blew up, she fell hard for one of his victims: Leo, the hot musician who made her question her familys rules. Now Leos clear across the country, and Karas ready to reinvent herself in Las Vegas. Of course her father has to mess up that plan, too. He claims a rogue environmental group wants him dead because of his latest alternative energy business venture, and that he needs Kara back on his payroll as the only one he can fully trust. With nowhere else to turn, Kara sends Leo a distressed text message just before shes kidnapped, a bargaining chip of the vigilantes who are determined to end her fathers moneymaking plans. Leo is battling the pains of his last run-in with Dr. Ellison but he wastes no time hopping a plane to Vegas to rescue Kara. As he struggles to find her, the pair tries to learn all they can about the project Dr. Ellison is directing in the hopes of using the information to free Kara. Because if theres one thing theyve learned from Dr. Ellison, its that no risk is too big when it comes to fame and fortune, life and death.
