

SILENT HILLS THE DEAD Episode 1 : The beginning: Mc C., a legend of a cop, faces a series of vicious murders that could lead the World to its end EPISODE 1 : THE BEGINNING

ATTENTION : Five days free promotion only available on episode 1. Not on the following ones. The massacre of a whole family, torn to pieces by an enraged animal and the sadistic ordeal of a young police woman were the first signs. It all started with a blood bath in a beautiful house. When Mc C. arrived at the crime scene, Benton warned him : I hope you have a strong stomach. This time, its really something. Twenty years in the forces, I never saw such a massacre. That was the first sign. Two days later, a young police officer who had helped Mc C. with the investigation was found barely alive in a gloomy warehouse. She had been stripped and viciously tortured before being slowly burned from feet to neck. That was the second sign. Evil was now ready to spread its wings over Newport Beach. And each new murder, more gruesome than the previous one was bringing Mc C. closer to his past. A past he had killed and buried more than thirty years before...somewhere in the forgotten town of Silent Hills. SILENT HILLS, THE DEAD is a horror thriller intentionally written like a film. I decided to write it that way for I consider a book should allow its reader to visualise pictures instantly, like watching a movie in his own mind. Nevertheless, Im well aware that this style will not be everybodys taste. Philippe R. Welte
