

## The Baron Moruna

New Adathen lies besieged The Lord Protector is far away; Lady Tethys must command the fortress of the Womens Regiment. None but a Daishenic Knight might escape the siege alive and have the courage to return; Lady Tethys has only one such paladin. But the mystic laws of knighthood are clear: one may stand alone against all comers, and three may begin a sacred quest only that seven should complete it. Luned Adathen and Ailen Utryce take the quest, to ride with Sir Armitage in search of three noble barons to break the siege. The last of these three, they know, must be the cursed Baron Moruna.
