

## The Book of Death

Being a sixteen year-old girl is hard enough, being a sixteen year-old whose father is the Devil is even harder. A gift was given to Josephine Charles Matthews on her sixteenth birthday, the give of knowledge. She was informed by a nice stranger with a knife that she was an Heir, a person whose father is the Devil. Since that day Josephine, or Dante as the people who follow her father call her, has learn to live in two worlds, one being the world before her sixteenth birthday, the second is like the first world but with more demons, Devil worshipping followers and death; lots and lots of death. Now 23 years-old, Josephine is only one year away from graduating college, she has a dream internship at a newspaper, and a well respected and fame journalist is mentoring her. All is right in Josephines world until her father ask her to look into a murder that could be connected to a series of murders. Now Josephine is in a race against time to find a person that is using a demon to kill people, but she is not alone, with help from her mentor and followers; Josephine might be able to stop the killer by herself, without getting her father involve.
