

## The Dangerous Lies of Blue Eyed Boys (Tales of ice cream and espionage Book 2)

Winciette Jenkins is back in The Dangerous Lies of Blue Eyed Boys. She thought shed put her past to rest but it keeps coming back to haunt her, only this time the danger is now, and its here in Widegate Bay. Bobby Corcoran was dragged off by the police after kidnapping Danny Wade, trying to blow up the Promenade and the Rainbow Van, and imprisoning an MI5 officer. Somehow, he has managed to escape justice and has come back to Widegate Bay to reinvent himself as a philanthropist, and champion of the people, eager to make amends for his criminal past. But Winciette is unconvinced. The Bobby Corcoran she knows is evil to the core, and she doesnt believe that it is possible for him to reform. But as he pours money into the Community, reinvigorating the neglected and abandoned, and giving hope to the hidden poor of Widegate Bay, even she starts to wonder if he has changed. And everyone else seems to be convinced. The Council is keen to take his money; the residents of the New Road Estate; Pannonica Bishop the daughter he betrayed; even Bill Chiverton, Danny Wades grandfather, want to give him a second chance. As Winciette sets out to build a safe home for herself, Belle, Pannonica and Danny in an old ruin of a house overlooking the sea, she tries to ignore him, but he wont let her. Has he reformed? Is she too damaged by a life of espionage and assassination to believe in redemption, or are her instincts right, and is he really up to his old tricks right under their feet. Much of the action takes place in the tunnels that snake beneath the ground all down the Kent Coast in the South of England. Not as well-known as the Ramsgate Tunnels, nevertheless the Widegate Bay tunnels have a significant role to play. Reviews for Book 1: Catherine Whitmore: Whens it out? Me: Next week sometime Cathy: Aha, have

read Book 1, chomping at the bit for Book 2!! Wonderfully evokes the English seaside and the eccentricities, sometimes lethal, of English life. Edward Wilson, Author The Whitehall Mandarin This is a dangerous book. I start reading at 10.30 pm and cant put the book down. Still reading at 1.30pm. Great Fun. Steph Haxton Writer & Historian This book defies conventions, stereotypes and genres by simply being a great read. You just have to keep going to find out what happens next. Brian Creese Offers suspense, action and drama as well as a well-developed story-line, characters that are so believable you wouldnt be surprised to meet them in a supermarket, and a main setting that is so convincing, youll look it up in an atlas where you wont find it. Inez de Miranda on inkpantry.com A ripping yarn. I would recommend it to cat lovers, those who enjoy British seaside towns and anyone old enough to have a past, secret or otherwise. Amazon Reviewer
