Maggie, a mystery child with no recollection of her past, was moved to the care of Jane- a small town Psychiatrist, no connection to the girl. Yet she listed Janes address and phone number as being her own. Maggies first night at Janes house is less than desirable; ending in an odd scar and a talisman to Janes madness. Only to add to Janes struggle with Maggie, a little girl shows up every time something strange happens to her. One night she goes mad, carving parts of her own skin away to rid herself of the insanity that the little girl brings with her.
