

The Teaboy

The bent banker, the super crook and a green-eyed screw. A prison is a mini totalitarian state complete with its own secret police, and committing the perfect murder will never be easy, but corrupting a prison officer is not too difficult providing you have money and patience and Goldfinger had plenty of both. The best way to turn a screw is softly softly. Its a bit like fishing: first try a bit of bait; then keep trying different baits until you get a bite. If the fish wont bite, try another approach, its usually just a matter of time, but what if the screw is a woman and the lady is not for turning? Thats when things start to get nasty
