

Thief Catcher (Urban Guardians Book 1)

Time is running out for Emily Cross, a computer hacker with a bleeding heart. She fears being outed before she can rescue families in dire need, all with other peoples money. Harassed by a violent ex, hounded by a relentless PI and tracked by a sleazy, sinister CEO out for his loot and bent on revenge of the worst kind, she must not allow herself to be swayed by romance. She has to keep her head at all costs. Trouble comes in the form of mysterious, sexy Nathan Hawke, a masterful and skilled computer expert hired to track her down. The attraction between them is white hot, but Emily is on high alert as she tries to keep her identity a secret from Nathan. But Nathan has deep secrets of his own Does Nathan have the power to protect Emily from the life-threatening dangers surrounding her? And can a thief and a thief catcher find a way to let the intense attraction between them blossom?
