

Jeffersons Wall

A promising Iranian-American law student is mysteriously snatched from the Harvard commons and forced into a dark, dangerous world of international espionage.... A statue of Moses and the Ten Commandments is erected on a courthouse lawn in Texas, sparking legal conflict and ethnic violence.... When veteran Washington journalist Jason Palani is charged to investigate these events, he discovers a hidden agenda driven by Washington powerbrokers bent on changing the face of America. Probing deeper, he finds himself on the run from deadly forces, with few options and only a small cadre he can trust: a senior senator, a Secret Service agent, and a Justice Department lawyer with whom he shares an attraction. Jason and his team race desperately to expose the conspiracy before the election of a president controlled by unseen and sinister forces. Jonathan Neff is the author of *Power Play*, an action thriller available at Amazon.com and other online booksellers. The many personal and professional interests that inspire and inform his stories can be found on www.jonathanneff.com and www.jnefflaw.com.
