

## To Retribution: When theres no going back

The military is in control. Tight control. Media is censored, movement restricted. There are re-education camps for trouble makers, repatriation camps for non-nationals. Jake, Brian and Suze, three idealistic young journalists, are used to hiding as they try to keep their online news channel open. They publish the truth about the repatriations, the corruption and the deceit. New Dawn, the feared security force, is closing in yet again. The trio run, yet again. This time, however, they are pursued with a relentlessness, a brutality which seems far too extreme for their crimes. A trail of death is left in their wake as they try to escape New Dawn and find out what is really behind this hunt. They are drawn into a web of human trafficking, child abuse and murder. Only its closer than they think. Much closer. Who would you trust?
