

## Twisted Bloodlines (Twisted Bloodlines Series Book 1)

Megan has never had what most would call a normal life. Her childhood and teen years were spent on the run with her family, hiding from a horror so great it defines their world. Friends and homes are traded at a moments notice to escape from their worst nightmares. Years pass, and her mother settles down with her new step-father, a kind man who does his best to protect them. Life lulls into a safe pace, and Megan finally feels as though she has control of her future for the first time in her life. But that peace is shattered with the arrival of a new family member, one that bears a striking resemblance to a saviour of her past Confused by her deep emotional connection to him, things unravel fast. She learns that the people she lives with, even her own family, are not what they seem. Her only friend who helped her piece her life back together changes overnight, and she is left dealing with the fallout on her own As events unfold, Megan finds herself face to face with the horror that has haunted her since childhood. But will she be able to escape from her twisted bloodline?
