

Unmasked Spirit Flares

A book of poetry and cameo writings previously published in newsletters, magazines and books, brought together in one volume. The writings are mostly spiritual in nature with a different and slightly humorous look at human life on planet Earth, at our reason for being here, our mission, vision and belief, our relationship with ourselves, God, the universe and the inevitable fact of growing older and dying. The author looks at life as a journey going somewhere, sharing her optimism and enthusiasm for the beauty experienced in this life and the anticipation of what is yet to come. The volume also includes meditations and practical ways of thinking about life and change.
