

Kelseys Playground: The Story of a Sadistic Killer (Playground Series)

Kelsey Masters is a mother, homeowner, corrections officer, and a psychotic sex-addicted killer. As a young teen, after discovering her mothers dead body in their own home, Kelsey bounced from one unloving family to the next while in the foster care system. This crude way of living continued until she was a legal adult. The once broken shy little girl who was molested more times than she could remember was replaced with an eighteen-year-old young woman full of hate and rage equipped with a mind that could not be healed. Kelsey sought work as a corrections officer at a prison in Virginia. There she would abuse inmates mentally, physically and sexually, both male and female, and at times they did not live to tell about it. But her psychotic nature wasnt isolated just within the prison walls. She often preyed on people throughout the secluded city while they tried to live their ordinary boring lives. Kelsey, who was sick of being the monster she was, fell in love with Michael, a new inmate serving two years for a string of petty crimes. He was the one who was supposed to change her evil ways for the better, but he had other plans and Kelsey was not part of them. Hanna, a female prisoner serving a harsher sentence for burglary, was his dream girl. Outraged and emotionally destroyed, Kelsey would see to it that Michael would not get his prize, and Hanna along with anyone else who dares stand in her way would suffer in ways the human mind could not possibly perceive.
