

Waiting In A Room Of Weeds

Its a typical night in the emergency department. Patients are streaming in and the waiting room is packed. People are irritated. Staff has been pushed to their limits. To top it off, theres some kind of commotion in the corner that involves both hospital security and the police. And Brayan, a seasoned nurse, is forced to deal with it all. On this particular night he has had more than his fair share of stress. So much so that it has given him a pounding headache and a stabbing pain in his gut. There was the confrontation with a patients angered boyfriend. Then the people who were involved in what appears to be a car crash. The sudden flashbacks involving his ex-fiancee. And the commotion in the corner that has the detectives interviewing his co-workers. Amidst all the chaos, something else is happening that Brayan cant quit put his finger on. He doesnt realize it, but the timer is ticking and he needs to somehow gain control of it before his very existence is put in jeopardy.
